ISMOILOV MUHAMMADQODIR

Uzbekistan, Tashkent
Portfolio link

SUMMARY

Motivated DevOps Engineer with hands-on experience in Docker, Kubernetes, Linux, Git, GitHub Actions, Nginx, and FastAPI deployment. Passionate about automation, Infrastructure as Code, CI/CD pipelines, and cloud technologies. Experienced in building and deploying containerized applications through practical projects. Strong background in Python and software development with a continuous learning mindset and a focus on delivering reliable, scalable infrastructure.

SKILLS

- Operating Systems & Scripting: Linux (Ubuntu/CentOS), Bash Scripting, Python (Automation & Scripting)
- CI/CD & Automation: GitLab CI, GitHub Actions, Jenkins
- Containerization & Orchestration: Docker, Docker Compose, Container Lifecycle Management Configuration Management & IaC: Ansible (Playbooks, Roles, Automation)
- Cloud Computing: AWS (EC2, S3, IAM, VPC, Route53, etc.)
- Monitoring & Observability: Prometheus, Grafana (Dashboards & Alerting)
- Version Control & Networking: Git, GitFlow, Core Networking (TCP/IP, DNS, HTTP/S, SSH, Firewalls)
-

EXPERIENCE

TIMBOW WELL-EVER TRADE **Apr 2025 - Present**

- Built and maintained containerized applications using Docker and Docker Compose.
- Created and maintained CI/CD pipelines using GitHub Actions for automated build, testing, and deployment.
- Worked with AWS services for deploying and managing cloud-based applications.
- Created technical documentation and deployment guides for infrastructure and applications.

EDUCATION

PDP IT academy

- Bootcamp course: Computer science, Core Programming skills, Python. **Aug 2023 - sep 2024**

Udemy.com

- Python backend courses full, Devops course full.

Uzbekistan State World languages University - Bachelor degree **Sep 2020 - may 2024**

Filology and Teaching languagess: Japan language

ADDITIONAL INFORMATION

- Languages: English (B2 – Upper-Intermediate), Uzbek (Native), Russian (Professional Working Proficiency)
- Strong analytical and problem-solving skills
- Fast learner with the ability to quickly adapt to new technologies and environments
- Passionate about DevOps, Cloud Computing, Automation, and Infrastructure as Code
- Self-motivated with a strong sense of responsibility and ownership
- Open to relocation and remote work opportunities
